

2024

Tamworth Pasture Update

Advisors, agronomists, producers and all, are invited to come and discuss how to optimise pasture production.

Topics:

Mixed forages - unlocking livestock benefits - Carol Harris, NSW DPIRD

Seasonal conditions outlook - Sean Murphy, NSW DPIRD

Pasture dieback - what can we expect this summer? - DAF Queensland

Pasture legumes - managing for productivity and persistence - Jonathan McLachlan, UNE

Temperate grasses - Are they worth it in the North West? - Tony Stewart, Elders

Panel Q & A - Growing year-round quality feed
