

1ST ANNUAL CONFERENCE PROCEEDINGS

24 & 25 JULY 1986 – Richmond NSW

“PRODUCTION STRATEGIES FOR SUSTAINED PROFITABILITY”

Contributed Papers	Author	Page
Making the Most of Your Existing Pasture	Guy Robinson	1
Profitable Production from Native Pastures on the Northern Tablelands	John Fleming	5
Profitable Pastures for Fine Wool Production	Phillip Clements	12
Incorporating New Varieties – Their Contribution to Sustained Profitability	Warren McDonald	21
Economic Integration of Irrigation into Dryland Farming Using Haifa White Clover	Jim Fay	31
Integrating Pastures with Crops for Sustained Profitability	David Coventry	40
Problems in Returning to Profitable Pastures in Marginal Cropping Country	David Fleming	45
Profitability Integrating Lucerne Based Pastures with Cereal Crops	Neville Thompson	52
Fertilizer and Stocking Rate Strategies for Sustained Profitability	Richard Walker, Dick Kearins	56
The Potential for New Fertilizer Technology to Contribute to Profitability	Peter Sale	66
Profitable Utilisation by Pasture Budgeting in an Intensive Grazing System	Jim Collins	74
Profitable Liming Strategies for Pasture Renovation	Zvi Hochman, David Godyn and Brendan Scott	82
Profitable Establishment of Phalaris on Acid Soil Country	Roger Harbison	88
Profitable Utilization of Pasture by Weed Control, Direct Drilling and Liming	Wayne Rabjohns	92
The Economic Potential for Better Pasture Utilization by Goats in NSW	Terry Mitchell	104
Goats – A Producers Experience	Peter Britton	109
An Overview of Pasture Production Strategies for Sustained Profitability (See Grassland Society Newsletter No. 5	Frank Crofts	No. 5
Spreading the Grassland Message – Experiences from the New Zealand Grassland Association	Deric Charlton	114
Poster Summaries	Author	Page
Application of Lime & Gypsum to Sub Soil	Frank Kernebone	120
Water-run Gypsum for Crusting, Sodic Soil	Frank Kernebone	121
Beef-N-Omics for Improved Herd Profits	Peter Speers, Ian Dixon	122

Competitive Clovers	Alison Bowman	125
Adaption of Kangaroo Valley Ecotypes of Perennial Ryegrass	Shree Shah	126
Conservation Farming – Good Farmers Manage It	David Gilbert	127
The Acid Soil Problem	Peter Cregan	128
Pasture Establishment	Peter Cregan	128
“Lime-it” – A Summary	Zvi Hochman, David Godyn and Brendan Scott	129
Weed Control by Goats	Peter Holst, Malcolm Campbell	131
Wiregrass Control on the North-west Slopes	Lester McCormick, Chris Dadd and Greg Lodge	132
The Ecology and Control of Fireweed	Brian Sindel	134
HAC Dairy Farm - Pastures	Ray Ison	135
Conference program		137
