

# THE GRASSLAND SOCIETY OF NSW INC.

## 14<sup>th</sup> ANNUAL CONFERENCE PROCEEDINGS

13-15 JULY 1999 – Queanbeyan NSW

### “GETTING THE BEST FROM YOUR FARM”

<b>Invited Papers</b>	<b>Author</b>	<b>Page</b>
<b><i>The big picture – challenges and opportunities</i></b>		
Major landscape issues and developments affecting the high rainfall southern zone of the Murray-Darling Basin	Don Blackmore	10
Kyoto Greenhouse Agreement – an action agenda for the farming community	Ian Carruthers	14
<b><i>Managing landscape diversity on your farm</i></b>		
Recognising and managing landscape and pasture diversity	Peter Simpson	18
Managing landscape diversity on a whole farm basis	Robert Lance	25
<b><i>Making better use of your feed resources</i></b>		
Supplementation as a strategy for sheep and cattle producers	Geoff Robards	30
Drought management of pasture, stock and people	David Mitchell	37
PROGRAZE™ and PROGRAZE™ PLUS	Phil Graham	41
On-farm implementation of PROGRAZE™ and PROGRAZE™ PLUS	Malcolm Peake	43
<b><i>Managing your soil resource</i></b>		
Balancing off-site impacts of agriculture, community aspirations and economic reality	Anna Ridley, Ray Evans, Neil Barr and David Marsh	45
The Acid Soil Action program for Southern NSW	Bill Schumann, Sari Glover	55
Whole farm management of acid soils	Bruce Clements	59
Living with and managing acid soils	Jim Elliot, George Elliot	64
Pasture selection and management for water use	Geoff Beale	66
Productive management of saline soils	Andrew Southwell	73
<b><i>Managing your pasture/livestock resource</i></b>		
Sown temperate pasture decline – fact or fiction	Keith Hutchinson, Kath King	78
Managing native grass-based pastures for sustainability	John Fleming, Guy Robinson	87
Developing and maintaining productive pastures	John Nixon	91
<b>Contributed Papers and Posters</b>		
<b><i>Soil acidity and management</i></b>		
Increasing earthworm diversity in temperate Australian pastures	Geoff Baker	97

A survey of soil pH and exchangeable aluminium on the Northern Tablelands	Carol Harris, Mick Duncan	98
Lime – ten years of topdressing	Bruce Clements, Graeme Kelso and Ian Vimpany	99
Does chicory tolerate soil acidity?	Brett Upjohn, David Michalk	100
Acid Soil Action in Northern NSW	Mick Duncan	101
<b>Fertiliser management</b>		
Growth response of <i>Danthonia</i> species to phosphorus fertiliser	Terry Bolger, Denys Garden	103
Does superphosphate pay in a fine-wool enterprise?	Phillip Graham, Bruce Hazell	104
Times are tough – should I be using superphosphate?	Richard Simpson, Phillip Graham and Bruce Hazell	105
Is your rotation mining sulphur?	Cameron Tonkin	106
<b>Pasture species</b>		
Assisting farmers to select pasture varieties	Warren McDonald	108
Persistence of perennial grass cultivars on the Northern Tablelands	Carol Harris, John Ayres and Jeff Lowien	109
The new phalaris varieties, Holdfast, Landmaster, Atlas PG and Australian II: Where do they fit?	Rex Oram, Richard Culvenor	110
Finding a persistent phalaris for the North West Slopes	Suzanne Boschma, Richard Culvenor	112
The Native and Low Input Grasses Evaluation Network	MR Norton, RBD Whalley, MM Mitchell, T Craze, DA Friend, DL Garden, G Auricht, E Kobelt, P Sanford, C Waters and EA Koetz	113
<b>Grazing management</b>		
Perennial partnership required for productive pastures	Jim Scott	115
Sustainable Grazing Systems naturalised pasture site at Carcoar	Warren King, David Kemp, Peter Dowling and David Michalk	116
The Sustainable Grazing Systems Program on the Southern Tablelands and Monaro of NSW	Stuart Burge	117
Lime-pasture-animal interaction: Northern Tablelands demonstration	Clare Bentley, Mick Duncan	118
<b>Management systems</b>		
Use of glyphosphate as a replacement for Frenock <sup>®</sup> for the control of serrated tussock ( <i>Nasella trichotoma</i> )	Malcolm Campbell	120
Native grassland conservation in the rural landscape	David Eddy	121
<b>Forage and crops</b>		
The potential for forage legumes on the tablelands/slopes	Kirrily Smith	123
Effects of sowing rate and cultivar on lucerne dry matter yield and weed infestation during establishment	Harsharn Singh Grewal, Rex Williams	124
Haymaker – efficient production of irrigated lucerne hay	Ian Collett, Lester McCormick	125
<b>Travel Grant and Conference Reports</b>		
Report of study tour to USA, Mexico, Scotland (April 3 – May 17, 1999)	Hugh Dove	129
Report on the 60th New Zealand Grassland Annual Conference Held at Nelson, NZ October 20-22 1998. Theme: 'Nelson – a Pastoral Palette'	Haydn Lloyd Davies	133
Report on the 39th Annual Conference of the Grassland Society of Victoria Held at Bendigo, 17-19 June 1998	Haydn Lloyd Davies	134
